

FREE BONUS!

The Living Lightning™ Alpine Air Companion Regular price \$69.95, yours FREE!

The Living Lightning™ Alpine Air Electrostatic Companion is up to TEN TIMES more effective than useless disposable filters, in reducing: mold spores, smoke, pollens, house dust, bacteria, and dust mites.

Dust Mites

Pollen

Mange Mites

These tiny particles can be the biggest threat to your family's health. Reducing them can help prevent runny noses, sneezing, itchy eyes, sore throats, headaches and other symptoms triggered by allergens and other household pollution.

Did you know that in most indoor environments many harmful particulates and contaminants usually end up in cold air returns and keep circulating through your living area over and over again? This is because the useless conventional cold air return filters do not block these contaminants from re-entering the indoor environment. These ineffective air filters simply allow the contaminants to pass right through them, and right back into your living quarters!

Now with the Living Lightning™ Alpine Air Companion you can effectively protect your home or office from the contaminants **re-entering** your living or working space from the cold air return. The Living Lightning™ Alpine Air Companion was made specifically to replace the ineffective cold air return filters, and it complements any Living Lightning™ Alpine Air purification system.

The Living Lightning™ Alpine Air Companion will effectively block lint, pollen, animal and hair dander, bacteria, dust mites, and many more dangerous particles from re-entering your family's breathable air from cold air return in your home or office. At the same time, your Living Lightning™ Alpine Air purification system will quickly and effectively eliminate the already present indoor air pollution. The end result? You will always have clean, mountain fresh air in your home or office!

Not only will you eliminate existing indoor air pollution, but you will also protect your home or office from the pollution re-entering it!

How The Living Lightning™ Alpine Air Companion Works:

Air flows through self-charging layers of electrostatic fabric, increasing the overall internal charge. Airborne particulates and contaminants are attracted to the charged fiber and are trapped in the core media layer of the Living Lightning™ Alpine Air Companion.

Additional Benefits:

- **Custom Size** - The Living Lightning™ Alpine Air Companion comes in many sizes. Simply choose the size that fits best your home or office from many options available.
- **Quick, Easy Installation** - The Living Lightning™ Alpine Air Companion easily installs in just seconds!
- **Low Maintenance** - simply wash in the sink or spray with the hose for lifelong, efficient service.
- **Permanent Lifetime Expectancy** - you'll never need to buy or replace a filter again!
- **Lifetime Warranty!**

NOTE: The Living Lightning™ Alpine Air Companion is not a substitute for any Living Lightning™ Alpine Air purification system. It complements any Living Lightning™ Alpine Air purification system by blocking air pollutants from re-entering the indoor environment. You must have the Living Lightning™ Alpine Air purifier to completely eliminate indoor air pollution.

Simply order your Living System now, and the Living Lightning™ Alpine Air Companion is yours absolutely FREE!

FREE GIFT!

Available only to our customers, here right now for very limited time...

FREE exclusive membership in our private Healthy Lifestyle club!

Discover little known powerful and effective natural health remedies your doctor will not share with you!

Largest database of natural remedies gathered around the world by extensive non-biased research, interviews and case studies covering most health conditions, now all in one place with 24/7 FREE online access. Not available in any stores.

You will receive a FREE membership in the exclusive private Healthy Lifestyle members-only club with NO obligation to pay anything ever! It will cost you NOTHING to become a member and get instant access to a private web site with valuable health related information online for our customers only, and not available to general public.

Once you complete your order, you will be granted instant online access to the members-only web site. On the Receipt web page which summarizes your order, look for the link at the bottom.
